The Eight Kootas, continued

Bhakoot भकूट

0 / 7 NEEDS CARE

Love and family - checks Rashi position for love, prosperity, and family harmony.

Nadi नाडी

8 / 8 FULL

Health and genetics - the most critical koota; same Nadi indicates genetic concerns.

Excellent Nadi match - your Nadis (energy channels) are different, indicating strong physiological compatibility, healthy offspring, and complementary constitutions. This is the most important koota, and you've scored perfectly.

Manglik and Cancellations

Mangal Dosh for both partners, and the protections that apply

ANANYA VERMA

Not Manglik

NO ACTIVE DOSHA

Mangal Dosh shows from your Venus. But it is cancelled. Mars is in its own sign (Vrischika), where it is naturally strong and dignified. The bad effects are much less now.

ROHAN MEHTA

Manglik

SEVERE

Mangal Dosh is present from your Lagna. This is a strong Mangal Dosh. Mars brings heat to your marriage and bonds. The right Upay (remedies) can help calm this.

Dosh Parihar

No Nadi Dosha to cancel

Your Nadis (energy channels) already differ, so the most important koota is clear. No cancellation is needed here, and health and vitality are well supported in the match.

Source: Muhurta Chintamani · Vivah Prakarana (Nadi Parihar)

Friendly sign rulers cancel Bhakoot Dosha

Your Moon-sign rulers, Budh (Mercury) and Shukra (Venus), are natural friends. This friendship is the classical Bhakoot parihar, so the positional concern is cancelled and love and family life read well.

Practices that support the match, koota by koota

ॐ अं अङ्गारकाय नमः ॥

Om Am Angarakaya Namaha

When The Manglik partner chants 108 times on Tuesday, and recites the Hanuman Chalisa daily.
